#

Important Rules & Requirements

Aisles for Emergency Purposes

The Fire Department requires that all exhibitors leave one foot (1') of space on every public aisle and two feet (2') of space on any border of their exhibit that adjoins another display area. This will allow a four-foot (4') emergency aisle running between each space.

Alcoholic Beverages & Food Items

Alcoholic beverages and/or food may not be brought into the Fresno Convention & Entertainment Center.

Vehicle Sales

No vehicle sales may be contracted at the show. Vehicles may not have dealer stickers, trunk tags or any individual dealer identification on them. Only factory stickers are permitted. **No discussions may take place with show visitors regarding prices of vehicles.** There are absolutely no exceptions to this rule. The auto show is for exhibition only.

Exhibitor Dress Code

All personnel working within your exhibit area should wear suitable business attire. **Exhibitors not dressed accordingly will not be admitted into the show.**

Fire Regulations

Exhibitors must comply with all federal, state, and local fire codes which apply to places of public assembly, in particular, Chapters 5, 8, and 31 of the Life Safety Code. All curtains, buntings, draping, etc., of any kind must be flameproof. Special care should be taken not to block or obstruct any fire hose or fire extinguisher cabinets, fire pull boxes, or entrances and exits within the Fresno Convention & Entertainment Center.

Vehicle Requirements

Under no circumstances may display vehicles be placed in front of any fire or public entrance and exit doors. Special attention should be given to keeping these public doors free of blockage by any show vehicles. The same holds true for the construction of displays, staging, walls, turntables, signs, etc.

Battery Cable - All show vehicles must have one battery cable disconnected and taped using UL approved plastic electrical tape or placed inside the provided battery cable bag.

Gas Tank Level - The gas level cannot exceed 1/4 tank or five gallons, whichever is less. All vehicles will be checked as they enter the exhibit halls to make sure that the gas level requirement is correct. If the gas level exceeds 1/4 tank, the vehicle will not be permitted to enter the building.

#

Vehicle Requirements continued

Gas Cap Requirements - If the gas cap door can be opened from outside your vehicle, the vehicle must have a locking gas cap. If the gas cap door must be unlocked from inside your car, then a locking gas cap is not necessary, but the standard inside gas cap must be taped shut.

AC/DC Converters - Cars using AC/DC converters must have the security system fuse disconnected to prevent the public from setting off vehicle alarms.

NOTE: *A Fire Marshal will be on duty throughout all public hours of the entire show and will be doing constant checks to see the above regulations are enforced.*

Vehicle Access & Cleaning - All show vehicles, except factory display models must be unlocked during public show hours. All vehicles must be waxed or wiped daily.

The Auto Show Committee and/or Show Management will inspect each display area to see that this service is provided, with the cleaning charges being sent to the exhibitor whose vehicles have been neglected.

Exhibit Blueprints

All vehicle exhibitors participating in the 2020-Model Central California Auto Show must provide a scale electrical blueprint of their display to MotorTrend Auto Shows and the Fresno Convention & Entertainment Center by October 17, 2019. These blueprints will be used by the center to place electric & phone lines prior to carpet installation. **Please include telecom and electrical needs, and the height of your display properties on your blueprints.** MTAS blueprints can be sent in DWG or PDF format to Trevor_Trumbo@MotorTrend.com.

Signs & Banners

Any hanging signs must be framed and pre-approved by show management. Truss lighting is permitted. MotorTrend Group Decorating has jurisdiction on all sign & banner installation work.

All signs must be professionally manufactured and have a finished surface on all edges and sides. Plastic letters, shoe polish and homemade signs may not be used on any vehicles or in any area of your display or booth. Decorations, signs, banners may not be taped, tacked, stapled or otherwise fastened to ceilings, walls, doors, painted surfaces or columns.

#

Display Placement

Signs cannot block the view of other exhibitors. In the case of a complaint, the decision on whether a sign remains or must be relocated is up to MotorTrend Auto Shows and the Association Auto Show Committee.

The maximum permissible height for displays is twenty-four feet (24') where ceiling height permits. Please note ceiling heights in the Valdez Hall are 15 feet. Exhibitors should contact Show Management if they have any questions regarding ceiling height.

#

Display Placement continued

Placement of exhibits cannot interfere, block, or extend into other exhibits. An exhibitor could be asked to change the location or configuration of their exhibit or vehicle placement should they interfere with the rights of other exhibitors.

All exhibits must be capable of standing by themselves and no supporting wires from the ceiling or draped walls will be permitted.

Decorations, signs, banners and streamers may not be attached, taped, nailed, or otherwise fastened to any ceiling, window, painted surface or wall of the exhibit halls. Any special decorations or signs must be approved by the center management as to location and method of installation.

Under no circumstances are helium balloons or adhesive-back decals to be given away or permitted to be used in the exhibit halls. Any cost incurred by the Fresno Convention & Entertainment Center, from the use or removal of these items will be charged to the exhibitor.

Exhibitor Presentation Restrictions

An exhibitor may not work, sell or distribute literature from any area other than the space rented by the exhibitor. Sales presentations, distribution of literature, and public surveys are strictly forbidden from being conducted in public aisles, other exhibit spaces, or any other public areas of the Fresno Convention & Entertainment Center.

All public address systems must be kept to a volume so as not to disturb your neighboring exhibitors.

Music at the Show

Due to ASCAP and BMI licensing restrictions, there cannot be any music played in any display at the Central California Auto Show. Jingles and commercials produced by a manufacturer, and are the property of the manufacturer, can be used throughout the show. Background music through the use of a television, radio, stereo, digital file, cassette tape, or laser disc cannot be used, as this is an infringement on the original copyright.

#

Liability

The Fresno Convention & Entertainment Center, the Fresno-Clovis New Car Dealers Association, MotorTrend Group Decorating and MotorTrend Auto Shows assume no liability or

responsibility for any loss or theft. Therefore, it is the exhibitor's responsibility to provide their own insurance coverage for vehicles, exhibits and materials.
